EXECUTIVE SUMMARY

Strategic, multidisciplinary **Senior HR Manager with 10+ years of comprehensive leadership experience** in human capital operations, organizational development, and Egyptian Labor Law compliance, combined with proven technical capability as an **Enterprise Software Engineer & Systems Architect**. Expert in bridging executive business needs with cutting-edge technology: engineered production-grade ERP/HRMS systems, autonomous AI recruitment bots, and automated workflows (n8n/Python) that eliminate administrative bottlenecks, accelerate payroll and attendance reconciliation, and drive measurable organizational efficiency.

CORE COMPETENCIES & TECHNICAL SKILLS

HR Management & Operations: Egyptian Labor Law (Legislation & Compliance), Strategic Workforce Planning, Talent Acquisition & Headhunting, Performance Management (KPIs/OKRs), Payroll & Compensation Architecture, Social & Health Insurance Administration, Employee Relations, Organization Restructuring, Fleet & Logistics Management.

Software Engineering & Architecture: Python (Django 4.2, FastAPI), VB.NET (Windows Forms / .NET), Next.js, TypeScript, RESTful API Design (Swagger/ReDoc), Microsoft SQL Server (T-SQL, Stored Procedures, Optimization), PostgreSQL (Supabase RLS), SQLite, Docker, Clean Architecture & Design Patterns.

Automation, AI & Integrations: n8n Workflow Automation, Google Workspace APIs (Sheets & Drive), WhatsApp Business Automation (whatsapp-web.js), Telegram Bot Platforms (python-telegram-bot), Google Gemini AI integration, ZKTeco Biometric Fingerprint Synchronization, Excel (Advanced & VBA).

PROFESSIONAL EXPERIENCE

HR Manager — ElDawliya International for Printing and Sanitary Products / Orient — **Feb 2020 – Present** | 10th of Ramadan City, Egypt

- **Executive HR Leadership:** Direct full-scope human resource operations across a large-scale manufacturing workforce, ensuring 100% adherence to Egyptian Labor Law, social insurance, and workplace safety mandates.
- **Proprietary HRMS Engineering:** Architected and developed the company's full internal management suite: **ERP_HR_Sys** (Django & SQL Server), **HR Orient Desktop System** (VB.NET), and **Orient Smart Assistant Bot** (Telegram OS covering 17 operational domains).
- **Biometric Attendance Automation:** Integrated ZKTeco fingerprint hardware directly with automated database sync routines, slashing monthly payroll calculation and attendance reconciliation time from several days to under an hour.
- **AI-Driven Recruitment Innovation:** Developed an autonomous WhatsApp screening bot with Google Sheets/Drive integration, reducing time-to-hire by **30%** and automating resume classification.
- **Compensation & Restructuring:** Formulated structured annual salary increments, restructured organizational charts and departmental job descriptions, and instituted data-backed KPI appraisals.
- **Facilities & Logistics Oversight:** Managed multi-route staff transportation logistics, vendor catering contracts, and fleet operations, optimizing operational expenditure.

Admin Specialist (Fleet & Operations) — Unicharm Middle East & North Africa (Baby Joy) — **Jul 2018 – Jan 2020** | 10th of Ramadan City, Egypt

- **Comprehensive Fleet Management:** Headed corporate fleet operations including real-time GPS tracking, electronic fuel monitoring, vehicular route optimization, and rigorous driver licensing compliance.
- **Industrial Catering Administration:** Managed plant-wide catering operations, enforcing strict quality, hygiene, and HACCP-level food safety standards across dining facilities.
- **Vendor Contracting & Invoice Auditing:** Liaised with Legal Affairs to draft and negotiate transportation and service contracts; audited and approved vendor invoices with 100% financial accuracy.
- **Facilities & Accommodations:** Managed corporate executive housing leases, utility agreements, and headquarters administrative procurement.

HR Coordinator & Specialist — Unicharm Middle East & North Africa (Baby Joy) **Aug 2016 – Jul 2018** | 10th of Ramadan City, Egypt

- **Outsource Workforce Coordination:** Managed high-volume contractor and outsource staffing pipelines to satisfy real-time manufacturing and production line quotas.
- **Digital Attendance Transformation:** Pioneered transitioning outsource worker attendance from error-prone manual paper sign-ins to automated biometric fingerprint tracking, eliminating payroll discrepancies.
- **Contractor Payroll Administration:** Computed monthly wages, allowances, and deductions for hundreds of outsourced workers, maintaining thorough employment files and compliance documentation.

SELECTED ENGINEERING & ENTERPRISE PROJECTS

Egyptian HRMS (ERP_HR_Sys) — Django 4.2 / SQL Server

Enterprise HR management platform compliant with Egyptian Labor Law. Features automated payroll engine, ZKTeco biometric sync, HTMX/Alpine.js UI, and audit logs.

Stack: Python, Django, SQL Server, HTMX, Tailwind CSS, ZK Sync

Orient Smart Assistant Bot — Python / Telegram OS

Production Telegram platform managing 17 enterprise HR domains connected directly to live SQL Server with Dockerized deployment, role-based access, and PDF/Excel exports.

Stack: Python 3.11, python-telegram-bot, SQL Server, Docker

WhatsApp HR Recruitment Bot — Node.js / AI Bot

Automated candidate screening bot on WhatsApp Business. Evaluates applicant eligibility 24/7, saves resumes to Google Drive, and syncs applicant data with Google Sheets.

Stack: Node.js, WhatsApp Web JS, Google Sheets API, Drive API

ElDawliya Operations System — Django / Gemini AI

Integrated cloud ERP managing corporate inventory, purchase orders, meetings, and tasks, integrated with Google Gemini AI for smart business insights and Swagger APIs.

Stack: Django, Gemini AI, SQL Server, REST Framework, Swagger

Sales Manager Bot & SaaS Dashboard — FastAPI / Telegram

Full-cycle sales and production order management system via Telegram with a modern RTL web dashboard, customer loyalty tracking, and automated financial accounting.

Stack: Python, FastAPI, Telegram Bot, SQL Server/SQLite, Docker

API Vault Security System — React / FastAPI / Supabase

Zero-trust API key and credentials manager featuring Fernet End-to-End Encryption, Telegram Bot quick access, React dashboard, and Supabase RLS security.

Stack: FastAPI, React, Supabase PostgreSQL, Telegram Bot, Docker

EDUCATION & CREDENTIALS

Bachelor of Laws (LL.B.) — Zagazig University, Faculty of Law **Sep 2010 – Oct 2015**

* Comprehensive grounding in Egyptian Labor Law, Civil Contracts, Regulatory Compliance, and Corporate Dispute Resolution.

Professional Training: Advanced HR Analytics, Time Management & Team Building, Basic Life Support & Industrial Safety.
